## "Rambling 'Round'"

—SEEING WHAT'S TO SEE  
—HEARING WHAT'S TO HEAR

Do you "Ramble 'Round'"—sure Mike, you do. Down in Hamlin let's all quit our foolishness and get down to common sense.

Last week we started this "Rambling" and our observations were on trying to stimulate action to "Labe" our streets. They have names but like some boys, they are called Bill, but bill who?

It is just as easy to say Houston, Alamo, Jackson, Union, Central, Farwell or Grand Avenue as to say so and so lives over back of that and the other. Why not say it right? Why not say Dr. Turner Bynum lives on Houston and 5th. He does.

### RAMBLING ELSEWHERE BESIDES

Since the last issue of the Herald we took a "Ramble" through other cities, big and bigger. We saw what appeared before us and heard much of what was said on the wayside.

A traveler must have gasoline. Suppose it is buying time, and right ahead is one of those shabbily kept filling stations, but a little further you see artistic construction, flowers shrubbery, freshness, and all that has the effect on a man like a good looking woman. He drives up for there is attraction. The other station wondered just why you did pass me up. Bud just keep on wondering, maybe you will realize the value of a tidy place some day.

Heard a fellow say the other day "What's the use of labeling our street intersections. Sooner the weeds and grass would hide the letters and numbers. Why not make the same remarks about your old face young man—if you don't keep down the "rubbish" nobody can see your signs either.

Well, it won't hurt a thing to compliment Graham, Texas. If we see a right, there is more civic pride in Graham than any place its size in this part of Texas. Their yards and streets, alleys, and street numbers and names are a credit to any place. Their streets are labeled in blue tile letters, that will not blot out or rub off. No where did we see a pile of rusty old automobiles decorating the wayside. Can't say that about some places we saw. Rubbish is a poor advertisement to Texas as the Centennial visitor passes. There is a town of City manners not far from Hamlin that is famous for old rusty automobiles by the hundreds—also famous as "Cowboy Town"—(Think of it).

Back in Hamlin we notice the fellow on the corner of 6th and Jackson has shown what improvement can be made when the dump the city piled out of the ditch is removed and the grass mown and the weeds cut. Look at your own corner. What does it need to show civic pride?

Keep your eyes open as you "ramble", notice that a certain corner of Central there is a pretty place—clean from one side but as you pass the street from the other direction note that the same place looks like it is over in a jungle-weed field. Who is to blame? Think of using that unsightly lot as a place where the hungry man can exercise to pay for his hand-out, or where some needy father could spend an hour and get a quarter for his home. It's worth more than money to have the unused lots near your home nice and

### METHODIST YOUNG PEOPLE'S ASSEMBLY

We are in the midst of the ground work of our future generation in this Young People's Assembly here in McMurry College this week. Several hundred young people are gathered here from the great Western part of the state. They come from our best homes and are the leaders of our youth in religious thinking in their respective local churches.

Echoes from this meeting will be given at the evening service Sunday. Mrs. Raymond Jones, our District director, who has recently moved to Hamlin and become a member of our church, together with some of our delegates, will give you a peep-in on the spirit of the Assembly and our evening message will consist of some of the hopeful high points presented during the progress of the class discussions. Sunday at 8:00 P. M.

By all means come down Friday night to the Abilene City Auditorium and see the pageant portraying to you "One Hundred Years of Methodist History." Nearly one thousand characters presented with a choir of a hundred voices. It will well be worth your time to sit in on this Centennial Celebration of Methodism whatever your private convictions may be otherwise. All Methodists should see it without fail.

Regular services throughout the day Sunday with the special features worked into the evening hours worship.

H. A. LONGINO, Pastor.

Mrs. E. M. Wilson, accompanied by Miss Clydene Wilson, left last week for Denton where she will make her home and where Miss Clydene will enter the Teachers College. She was joined Sunday by her daughter, Miss Elmo Joy Wilson and Misses Laura Q. Martin and Marcell Jones, who will attend schools in Denton.

Mrs. A. Holmberg of Paducah, and Mrs. Charles Hart and Miss Celia Ann and Mrs. Geo. Humphries of the 4-6 Ranch, Guthrie, were guests of Mrs. Frank Waggoner this week. Mrs. Holmberg is an aunt of Mrs. Waggoner.

Miss Bernice Fairey left Sunday for Denton to take Summer school work in T. S. C. W. She has a position in the Avoca school and will resume here place there in the fall.

clean. Ask Tom Teague if that is not so.

### WHY NOT HIRE A BOY OR BOYS TO CLEAN LOTS

Had you ever thought about it? There are dozens of boys just out of school, age 12 up who would like to make a trade with YOU to keep that old nasty, ugly lot by your door, clean till school starts. Make a cash in advance deal with one or two. Have a contract and teach them a good lesson by doing a jam-up good job of work before payday. Be firm but very fair with any boy who will work for a little summer change. It will pay you in more ways than ONE.

### REVIVAL MEETING GOING AT PLASTERCO

Rev. Arthur Kendall of Hawley, is conducting a revival meeting at the Methodist Church in Plasterco, assisting the pastor, Rev. Ellis Todd. Everyone has a cordial invitation to come and bring the whole family.

## JUDGE CHAPMAN

For Re-Election

To The Voters of the 104th  
Judicial District of Texas:—

In 1888, I moved to Abilene and lived nearly a year in and near Abilene. In 1892 I moved to Jones County and made it my place of residence until August, 1927, at which time I moved to Abilene, where I have since lived.

My partners in my profession have been F. A. Arnold, John B. Thomas, Charles E. Coombes and Walter S. Pope, at Anson, and W. T. Andrews and H. T. Andrews, at Stamford.

During my long residence among you I have been cow hand, farm hand, teacher, lawyer and judge, and have done my best at each of these jobs. During my service as district judge, I have tried to be fair, impartial and painstaking; and to transact the business of the court in an orderly and diligent manner. My experience should enable me to render better service than heretofore. I am deeply grateful for the favors you have shown me, and earnestly solicit your support for re-election.

The courts will be in continuous session until the day of the primary, which will make it impossible for me to see many of you personally, and those of you who do not know me and the kind of service that I have rendered, please make inquiry before casting your ballot.

Respectfully,  
W. R. CHAPMAN.

### W. B. FLETCHER BURIED

W. B. Fletcher, formerly of Hamlin, died in San Angelo Wednesday and was buried Thursday in East Cemetery by the Barrow Directors. A full sketch of his life will be secured for next week.

R. M. Fletcher returned last week from a ten days visit to his old home in Hopkins County. He also visited old friends in Greenville, Campbell and Cumby. Miller Grove is his old home—and Bob says things certainly look good. Hardly anyone on relief and nobody "gripping." And this must be lovely "nobody gripping." That means the Hunt County-Hopkins County folks must have plenty to eat.

C. E. La Baume received word last Tuesday night that his brother, W. C. La Baume, had passed away at their old home at Dublin, Texas. Mr. La Baume and family left immediately to attend the funeral. They were accompanied on the trip by Mr. Lonnie Gibson.

"ONE HUNDRED YEARS OF  
TEXAS METHODISM"

FRIDAY, JUNE 5, 1936, 8:00 P. M.  
ABILENE, CITY AUDITORIUM

Climaxing the annual Young People's Summer Assembly will be the pageant, "Texas Methodism Marches On," portraying one hundred years of Texas Methodist history. With a cast of nearly one thousand people and a choir comprised of almost a hundred voices singing the great Hallelujah chorus, the production promises to be one of the greatest things of its kind in this section of the country.

For more than a month the directors and cast have been working out the detail of the mammoth production, and I believe that I can safely say that you will witness one of the most outstanding events of this entire Centennial Year when you see "Texas Methodism Marches On." We have gone to a great deal of expense and much work has already been done in an effort to make this production surpass the one given in San Antonio last year.

Most sincerely,  
THOMAS W. BRABHAM,  
President, McMurry College.

### MRS. TED RUSSELL VERY

## HAMLIN WINS OVER HASKELL

Hamlin's air tight defense together with Adkin's error in the seventh on Pittman's easy fly gave Hamlin a two to one victory over Haskell here last Sunday.

Pittman was in trouble in the sixth but after allowing one run he struck out Johnson, gave B. Cox an intentional pass and struck out Willett to retire the side.

Hamlin goes to Haskell next Sunday.

## OCEAN LETTER FROM

RICHARD LEHMAN

The Herald has a letter from Richard Lehman, written on board the "Veendam" an Holland-American Liner, and mailed at Plymouth, England, on May 15. It arrived in Hamlin, Thursday, May 28. Richard says, "Had a pleasant trip, fine boat, fairly good sea, good company and excellent eats." That sums it up pretty well, and truly American. With Richard's letter was enclosed a daily newspaper of the good ship Veendam. It is styled "Ocean Post." We read every word of it, whether we could pronounce all or understand what they were talking about. The front page was done in "ocean blue," not very much on it except the pictures of some Spanish dancers—one Senor Manuel Castello Otero, Senoras Adrina Otero plus Doris Niles, styled this: "Arionada Yanki," Stampeded and Andalusia. From this we should judge that the "entertainment" was also "excellent." Richard's letter was like some of yours, you just say a little and then enclose the Herald and let it do the best it can to fill out. Well, The Ocean Post was not so full and had many vacant spots for lack of ads and reading matter. One thing the paper gave was very interesting, and that was temperature, Air 10C, water 12-c, weather rough, wind N. W. 7, sea high. The news items were all by Radio and wireless.

Ere this Richard has reached his homeland and enjoyed the company of relatives and is perhaps thinking of starting back to good old "Friendly Hamlin."

GUM-DIPPED TIRES

WIN INDIANAPOLIS 500 MILE RACE

Last Saturday Louis Meyer broke the track record, at 109 miles per hour, driving the entire race without tire trouble of any kind. He is the only driver ever to win the race three times, and has always used Firestone Tires.

No tires except Firestone Gum-Dipped Tires could have resisted the terrific heat generated at such high sustained speeds on the hot brick track, lap after lap, hour after hour. You can have no greater proof of blowout protection.

Not one of the thirty-three drivers would risk his life on any other tire, for each driver knows that heat is the chief cause of tire failure and blowouts. Firestone cords are soaked in liquid rubber, which saturates and coats every cotton fiber, preventing friction and heat and adding great strength. This is the Firestone patented process of Gum-Dipping, that gives you greatest blowout protection and safety.

Profit by the experience of race drivers. Equip your car today with Firestone Gum-Dipped Tires—it costs so little to protect lives worth so much.

TAX THE UNTAXED—  
(Political Adv.) (32-3p)

TYLER, Texas.—F. W. Fischer of Tyler who is running for governor

of Texas on the platform of paying old age pensions in full, is spreading his philosophy of taxing natural resources from one end of the state to the other.

"A new source of revenue means a new deal for Texas," he says. He thinks prosperity can be returned through taking the tax off land and putting it on oil, gas, sulphur, etc. This new source of revenue would provide means of helping schools, highways, the agricultural interests and the Texas consumers of gasoline who are now having to pay a tax of 4 cents a gallon.

Fischer, an oil attorney who gained fame as a constitutional lawyer in the legal squabbles over the East Texas oil field, dealt the first death blow to NIRA when the United States Supreme Court up held his contention against Section 9 (c) the oil provision of the NIRA.

Fischer was born in West Virginia, spent his boyhood riding bronchos in southwestern Oklahoma, and later studied law on the farm. He is a Mason, a Methodist and a member of the American Legion.

It is expressing it mildly to say that I am well pleased and can cheerfully recommend Williams S. L. K. Formula to others." Although Williams S. L. K. Formula has been available in HAMLIN only a short time, many users here are enthusiastic in their praise of it.

## What Williams S. L. K. Formula Is and What it Does

Williams S. L. K. Formula is intended for those "run-down" conditions due to simple anemias of the hypochromic type, often indicated by a feeling of weakness, lack of ambition and "pep" loss of weight and appetite, and unhealthy pallor of the skin. Such conditions commonly are due to a deficiency of necessary elements for forming rich, red blood. Williams S. L. K. Formula supplies a valuable mineral element necessary for the production of red blood, and is a splendid tonic for the system. It also acts as a mild stomachic tonic, is mildly laxative and a mild diuretic stimulant for the kidneys. Williams S. L. K. Formula is a highly concentrated liquid, is easily assimilated and starts to work almost immediately. Only small doses are required. One teaspoonful taken in water, makes the equivalent of a brilliant glassful of tonic and system-cleansing elements.

Make This Guaranteed Test If you feel "tired-out," "run-down," lacking ambition and pep; if appetite is failing and you are losing weight; don't suffer another day without trying Williams S. L. K. Formula. The first bottle must produce results or money back. This fair-play guarantee is backed fully by the distributors of Williams S. L. K. Formula, and also by your local druggist, so you take no money risk. No matter what other medicines you may have tried, in justice to yourself, make this test of Williams S. L. K. Formula today.

## STOMACH SUFFERERS

If you are suffering from indigestion, atonic dyspepsia, sour stomach, gas pains, "raw stomach," inflammation of the intestines (enteritis), gastric acidity and sick headaches, due to excessive acidity, you can't afford to ignore these warning signs. You should try at once the Doctor's Prescription, known as Gasa Tablets. If you allow these conditions to become worse, the acids may eat into the delicate mucous membrane of your stomach and intestine and possibly cause dangerous ulcers. Gasa Tablets are pleasant to take and they start to work in just a few minutes to give gentle, effective relief of pain and discomfort caused by excessive acidity. They soothe the raw, inflamed lining of the "acid stomach" and help convert starchy foods into dextrose, which is so essential to energy of the body, and preservation of health. Because of their remarkable success in many cases of acidity, and digestive troubles resulting from acid conditions, Gasa Tablets are offered now to sufferers under a guarantee that the first bottle must produce results or money back. For only a few cents a day, you may now have the benefits of this Doctor's Prescription which has helped so many other sufferers to a greater joy of living. Ask your druggist today for Gasa Tablets. Take just one or two of these quick-acting, soothing, antacid tablets and see how they help your stomach to "tackle a hearty meal."

ENTERTAINS SENIORS

On Thursday evening, May 21, Mrs. J. E. Moody entertained the Seniors of Hamlin High School with a delightful swimming party at the pool in Sweetwater. The party left Hamlin about 6 o'clock accompan-

After a swim, everyone was invited to a picnic supper under the trees. When everyone had eaten more than enough, Miss Thompson became Mistress of Ceremonies and called for speeches. ## THIS WEEK IN TEXAS HISTORY

BY F. L. McDONALD

WEEK OF MAY 31

1690 — The mission San Francisco de los Tejas was founded June 1 by Father Massenet a short distance from the Neches River, near the present town of Crockett.

1825—On June 4 Stephen F. Austin signed a contract to bring 500 families into Texas. The settlement was completed six years later.

1839 — On June 2 Edwin Waller was appointed by President Mirabeau Lamar as agent to lay off the city of Austin, to conduct sales of lots, and to erect public buildings.

1845—On the call of Anson Jones an extraordinary session of the Texas Congress met June 6 at Washington, Texas, to consider the question of annexation.

1980—Denunciation of the methods of the railroads began and much was said about the need of government regulation.

Mrs. Albritton returned Tuesday from a four weeks visit in Louisiana. She was accompanied home by her mother, Mrs. H. D. Pardue.

"While looking over the paper one day, I saw an ad for Williams R. U. X. Compound. I got a bottle and after taking two doses the pain began to leave. I have taken this medicine now for a little over two weeks and feel like living again. I can do all my work now, where before I had to have help."

Follow Mrs. Yargus' example. Don't suffer torturing muscular rheumatic pains of the arms, legs, shoulders, and body any longer without trying Williams R. U. X. Compound. ### "GOD BLESS THE NEW MOON"

Few writers can describe the vari-  
ous phases of plantation life as in-  
terestingly as Archibald Rutledge,  
who gives the following glimpse of an  
old Negro superstition in the Pro-  
gressive Farmer as follows:

"I remember coming home one  
April twilight along the alluring yet  
forbidding margin of a fragrant wild  
thicket. After the lilac afterglow,  
dusk had swiftly fallen. There were  
three Negro men with me—all ap-  
parently ordinary in their powers of  
feeling, which should have been at  
low ebb after the long day we had  
spent in the hot wilderness of a half-  
submerged swamp.

"Our footfalls sounded lonely, as  
we paddled quietly along, one be-  
hind the other. Fading light suf-  
fused the solitary wildwoods. I had  
a sense of being in another world.  
Suddenly I was aware that my hum-  
ble companions had paused behind  
me and were ejaculating softly  
among themselves. Turning, I saw  
them standing in a little group, each  
with hands clasped reverently, and  
as they gazed toward the flower-tinted  
west, I heard each one say over and  
over, 'God bless the new moon!'"

"My humble friends had seen more  
than I. High above us hung the  
frail new moon. The Negroes, at  
sight of it, instinctively turned to  
bless God and to worship.

"Ever since that evening I have,  
with a deepened respect, noticed  
plantation Negroes performing this  
joyous mystic rite. Even little chil-  
dren, in the midst of their last en-  
trancing twilight frolic, will, upon  
seeing the silver sickle gleaming in  
the heavens, pause in their play to  
look upward and say, 'God bless  
the new moon!'" A moment later,  
their charming vespers done, they  
will again be breathlessly chasing  
one another as children will at dusk.

"For more than thirty years I  
have never seen a new moon without  
praying the prayer that I first heard  
when my lowly comrades worshiped  
that evening by the forest."

Mrs. W. M. Meadow and son, Bil-  
lie Tom, and Miss Ida Beth, of Al-  
pine, are spending the week here  
with relatives.

Mrs. Jeanne Haynes, of El Paso,  
has returned to her home after a  
pleasant visit with her aunt, Mrs.  
M. Y. Wilson.

It seems as if we can never get  
our fill of the summer berries  
when they first make their appear-  
ance—that's  
when we enjoy  
them most of  
all. Unhappily  
for the budget,  
however, that's  
the time  
they're most  
expensive. But  
you can com-  
promise with your budget and still  
serve the new berries if you serve  
them as a berry topping over  
squares of sponge cake—making  
a very complete and satisfying  
dessert.

Sponge Squares  
1 cup sifted cake flour; 1 tea-  
spoon double-acting baking powder;  
¼ teaspoon salt; 3 eggs; 1 cup  
sugar; 2 teaspoons lemon juice; 6  
tablespoons hot milk.

Sift flour once; measure, add bak-  
ing powder and salt, and sift to-  
gether three times. Beat eggs until  
very thick and light and nearly  
white (10 minutes). Add sugar  
gradually, beating constantly. Add  
lemon juice. Fold in flour, a small  
amount at a time. Add milk, mixing  
quickly until batter is smooth. Bake  
in two lightly greased 8x8x2-inch  
pans in moderate oven (350° F.)  
25 minutes, or until done. Cut in  
squares and serve with Fresh Berry  
Topping.

#### Fresh Berry Topping

1 egg white, unbeaten, dash of  
salt; ½ cup crushed berries; 1½  
cups sifted confectioners' sugar.  
Beat egg white and salt with  
rotary egg beater until frothy. Add  
berries and continue beating until  
blended. Add sugar gradually, beat-  
ing vigorously until thick and  
duffy. Makes 2½ cups topping.

WHEN the Sunday dessert is ice  
cream, it always seems incom-  
plete without a plateful of cookies  
to round it off.

And when Sunday comes  
if you find that the marauding

the cookie jar, here is some-  
thing on the  
order of macaroons that you can  
make together in a twinkling. They  
are light as thistledown and are  
easy to give the ice cream dessert  
just the finishing touch it needs.
